

VOLUNTEER

We also have volunteer opportunities that make a difference in the lives of the women and families we serve. To learn more about volunteering or to apply as a volunteer, please visit our website.

All volunteers are required to go through a background check and extensive training. We require a one-year commitment of all volunteers due to the level of training invested.

We are accepting volunteers in these areas:

- Baby Boutique
- Nurses
- Patient Care Advocates
- Patient Receptionists
- Personal Development Advocates
- Sonographers

”

Before coming here I thought I was alone, sad, and hurt. Now I look forward to a bright future.

”

I've never been to a clinic with such consideration for patients!

”

Obria Medical Clinics gave me the confidence to be a mother.

”

This place is heaven-sent. The people are so nice and they work with you and will do anything and everything to help you make the best decision for you.

WHO WE ARE

Obria Medical Clinics is a nonprofit, life-affirming women's healthcare clinic staffed by professional and peer personnel which exists for the benefit of women and their children, both born and unborn, as well as for the fathers who wish to be involved.

OUR MISSION

To empower our community to make healthy decisions regarding their reproductive health, their family, and their sexual integrity by providing medical services, foundational education, and material services to women, youth, and families.

The Impact of Choice

In 2018 alone:

- 2,195 patient visits
- 587 ultrasounds performed
- 128 participants in our educational program, Thrive
- 6,032 material items distributed to expectant and new mothers
- 2,687 students instructed at schools through our sexual risk avoidance program, Empowered
- 14 participants in our post abortion care program

WHAT WE PROVIDE

MEDICAL PROGRAM

We provide compassionate care and evidence-based education to women regarding their reproductive health and family well-being.

Services include:

- Pregnancy testing
- Pregnancy decision consultation
- Limited ultrasound
- STD testing and treatment
- Abortion pill rescue
- Well-woman care
- Community referrals

THRIVE

Promotes and supports the client's emotional, spiritual, and personal growth through online pre-natal classes, individual DVD instruction, and a monthly evening group class. Clients who lack support are assigned a Personal Development Advocate who walks alongside them. While the clients learn, they have the opportunity to shop in our Baby Boutique for items such as diapers, wipes, clothing, and baby equipment.

EMPOWERED

Healthy Relationship Educators teach in middle schools, high schools and colleges, using healthy relationships curriculums that help to equip youth and young adults in making wholesome decisions toward optimal health. The educational focus is designed to help young people navigate the minefields of relationships, peer pressure, personal challenges, and the discovery of purpose.

POST ABORTION CARE

Obria offers hope and healing to individuals suffering from the emotional scars of abortion. In a confidential and safe environment, women can heal from the pain and trauma of their past through small group support. To learn more, visit <http://palmministry.com/>.

GET INVOLVED

To learn more about ways you can help, visit our website: <https://supportomcg.org/get-involved/>

BABY BOTTLE CAMPAIGN

Launch a Baby Bottle Campaign to collect coins and cash in baby bottles and help fund Obria Medical Clinics Gwinnett. This is a great project for any type of group within the community.

BABY SHOWER

Consider hosting a shower for our Baby Boutique. We will provide a speaker who will give information about the Clinic and your group will have the opportunity to bless the clients in our Thrive Program with new items they need for their babies.

PROVIDE A MEAL / TEACH A CLASS

Once a month we provide a group class and dinner for our Thrive participants. Get your friends, family, coworkers, or small group together to bring a meal. We also need volunteers to teach in areas such as pregnancy, parenting, and life skills.

FINANCIAL PARTNER

Obria Medical Clinics Gwinnett is a nonprofit, solely funded by individuals, organizations, and grants. Partner with us and help break down barriers to reach more women and families in the community.
