

## WALK FOR LIFE - COVID ACTION PLAN

### REGISTRATION/CHECK-IN:

Pre-registration: Downloadable health screening questionnaire for day of event, waiver of liability, and covid guidelines on website.

Pre-registration text instructions:

- Flashers to be turned on upon arrival
- Check-in will be done by a volunteer at the car.
- Wristband will be given once screening is completed. Family and friend-groups will be given the same color wristband so that they may walk together.
- Water bottle, biscuit, and t-shirt to be delivered to the car.

Walk-up registration:

- Registration via i-Pad
- All volunteers handling cash will be wearing gloves (changed between registrants)
- In-person health screening and temp check. Temp greater than 100.4 F not allowed to walk.
- Health screening and temperature check with wristband as verification
- Waiver of liability to be signed on iPad by each registrant
- 6 foot tape lines/boxes at each registration table
- Hand sanitizer at check-in tables
- iPads will be wiped with alcohol wipes after each use.

All volunteers will be masked and gloved when handing out items

Social Distancing reminder signage

Water bottles distributed at check-in. Walkers encouraged to bring their own.

Bathrooms will be disinfected in high-touch areas hourly.

### DURING WALK:

Masks for walkers not required at this time unless requirements change. Masks available for those that desire.

Allow walking with designated family/friend group (same color wristband)

Staggered start times for walkers to allow for social distancing (6-foot spacing marked at starting line)

Posted signage reminders for social distancing placed along walk route

Walkers requiring assistance at First Aid tent required to wear provided mask

### AFTER WALK:

Arrange for a large gathering area if possible to accommodate social distancing for awards/closing, etc.
